

## **Make Some Money**

Four, three, two, one

I wrote this song to make some money

I'm low on cash and that ain't funny

I've paid my dues and that's a fact

It's time to get some money back

I ain't in love, my heart ain't broken

But I'm down to my last subway token

All I need is one big hit

Then I'll pack it up and call it quits

Make your deejay play it again

Move it on up to number ten

Make your deejay play it some more

Move it on up to number four, three, two, one

I wrote this song to be a star

Buy myself a new guitar

Move to Nashville, Tennessee

Ask Dolly Parton to marry me
